Interacco at a glance

INTERACCO is an intermediary functioning between the owner of a holiday home, tour operators and travel agencies in the Netherlands, Belgium, Germany and in England. We offer a great selection of high quality accommodations in France, Spain, Portugal and Morocco. We work together with several partners in the tourism industry to be certain of the best customers. Our approach is simple; to use a wide range of media and marketing with minimal investment through collaboration with ten of the largest tour operators and travel agencies in Europe. Our strength is in connecting the right house with the ideal customer. For owners, this approach makes it possible to make contact with one partner and have the home shown in several forums in European tourism companies.
